

2009 NSLS & CFN JOINT USERS' MEETING

# Meeting Big Challenges of Small Length Scales

MAY 18 – 20, 2009

Brookhaven National Laboratory

## KEYNOTE SPEAKER

**Millie Dresselhaus**

Massachusetts Institute of Technology  
Cambridge, Massachusetts

## SCIENTIFIC TALKS

**Uwe Bergmann**

Stanford Synchrotron Radiation Light Source,  
Stanford Linear Accelerator Center,  
Stanford University,  
Menlo Park, California

**Donald Brownlee**

Astronomy Department,  
University of Washington,  
Seattle, Washington

**Franz Himpsel**

Department of Physics,  
University of Wisconsin Madison,  
Madison, Wisconsin

## SCHEDULE

### Monday Evening

Exhibitors Reception and Poster Session

### Tuesday Evening

Annual Banquet - Celebrating 30 Years  
*How much NSLS & CFN trivia do you know?*  
*Come share in the fun!*

## WORKSHOPS

**Nanostructured Photovoltaic Materials & Devices**

Charles Black, CFN, BNL

**Cultural Heritage Secrets Unveiled with Synchrotron Radiation**

Louise Siddons, NSLS, BNL; Peter Siddons, NSLS, BNL;

Vivian Stojanoff, NSLS, BNL; Cecilia Sanchez-Hanke, NSLS, BNL

**Solution Studies of Macromolecules:  
Global and Local Structure Factors**

Sayan Gupta, Case Western Reserve University

**The Cold, Soft Truth:**

**Cryo Systems for Studying Soft Materials**

Chris Jacobsen, SBU; Qun Shen, NSLS-II, BNL;

Lisa Miller, NSLS, BNL

**Future Directions for In-situ X-ray Scattering**

Jianming Bai, University of Tennessee;

Camden Hubbard, ORNL; Edgar Lara-Curzio, ORNL

**Electron Spectro-Microscopies with  
Synchrotron Radiation: Review & Perspectives**

Elio Vescovo, NSLS, BNL; Dario Arena, NSLS, BNL;

Jurek Sadowski, CFN, BNL; David Starr, CFN, BNL

**Nanoscale Structure-Property**

**Relationships in Conjugates Polymers**

Mircea Cotlet, CFN, BNL; Hsing Lin Wang, LANL
